DEEP CLEANSING SHAMPOO (oily hair and dandruff)

ACTION
Gentle-on-the-skin shampoo that cleanses and oxygenates the skin, preventing dandruff and hindering hair loss.
It develops a targeted sebo regulating action.

HOW TO USE
Apply to wet or dry hair, massage gently, leave to effect for a few minutes then rinse thoroughly.
Proceed to a second application if needed. For intensive use it is good (advisable) to associate to Deep Cleasing Scrub before or after application as a home maintenance therapy.
