

## COLORA

(new) DUST FREE COMPACT BLEACHING POWDER *Light Up to 10 Levels of Lift*

**New VEGAN Formula - Low Ammonia.**

This highly bleaching powder can bleach any hair type up to **10 TONES**.

### ACTION

This ethereal powder can lighten any type of hair.

Its balanced formula allows the colourist to mix it with any type of peroxide and obtain an extremely stable mixture.

Its blue powder prevents yellow-orange colour fading and prevents dust spread in the environment. It respects the hair fibre.

It contains **Guar Gum** which has the following properties: Protective function on the hair thanks to its emollient properties during the bleaching process. Makes the cuticles thicker giving volume and body to the whole hair.

- Highest lightening, highest protection.
- Non volatile powder.
- Highly versatile.
- Dries quickly.
- Does not swell during application.

### HOW TO USE

it is recommended to visually check frequently until the desired lightening tone is achieved.
