

**BIOTHERAPY**

CU028/ CU039

**DEEP CLEANSING SHAMPOO (oily hair and dandruff)**

**ACTION**

Gentle-on-the-skin shampoo that cleanses and oxygenates the skin, preventing dandruff and hindering hair loss. It develops a targeted sebo regulating action.

**HOW TO USE**

Apply to wet or dry hair, massage gently, leave to effect for a few minutes then rinse thoroughly. Proceed to a second application if needed. For intensive use it is good (advisable) to associate to Deep Cleansing Scrub before or after application as a home maintenance therapy.
