OCEAN SALT styling spray

Organic OCEAN SALT from the North Sea is the principle ingredient in our styling spray. It may be used to build root lift, body and volume while blow drying with round brush, or to create a natural wavy/curly look on diffused or air dried hair. Eliminates frizz, adds texture and provides hold to any hairstyle.

HOW TO USE

Spray liberally on towel dried hair. For wash and wear or diffused hairstyles distribute evenly with fingers and mold hair into place. For volume and body, blow dry with round brush and or finish with flat iron or curling iron.

FUNCTION

- It creates support to the root by giving volume and body to thin hair.
- It eliminates frizzy effect by generating waves and natural curls.
- It creates natural wavy look with final matt effect.
- Excellent for loose natural styles, irregular waves and updo styles.
- It defines and fills scaled haircuts.
- It has protective and anty-humidity effects and eliminates electrostatic charges.
- It controls and gives maintenance in hairstyles with plates or hairdryer.
